**Global Convention on Climate Security
12 – 14 June 2009, Palampur (HP) India**

Ola Ullsten
Ex- Prime Minister of Sweden

Dr S Z Qasim
Chairman, World Environment Foundation

Dear all

We have pleasure in inviting you to the above convention organized by the World Environment Foundation in association with World Council for Corporate Governance (U.K), for a holistic response to climate change. Your views will be crucial in evolving a Global Action Plan for a cohesive approach to combating climate change, generating employment, cleaning up the capital markets and regenerating the planet.

Climate Change has become the most formidable challenge of our times. Yet because of the recession caused by the market manipulators, the action to combat climate change has been limited to rhetoric. We are told "Because of the crisis we do not have time and money to think about the environment." Copenhagen is in danger.

As Einstein said the significant problems we face cannot be solved at the same level of thinking as we created them. Climate change is an opportunity in a million years to rebuild people, reinvent businesses, to reconstruct economy and to regenerate the planet. It calls for holistic

CONGRESS OBJECTIVES

- Identifying the business challenges of climate security
- Establishing strategic security context of climate change
- Strategies for sustainable future through holistic strategies to combat climate change, foster business innovation, accelerate social change and national security
- Synergising government and business action to drive climate change agenda by dematerialising and decarbonising economic growth
- Motivating corporates to play effective role in creating climate security in the spirit of UNFCCC
- Strategy for implementing PROACTIVATE – A holistic model for alleviating poverty and combating climate change

CONVENTION TOPICS

- **Climate Change and Fiscal policies for Sustainable Development**
 - Ensuring environmental sustainability. A millennium development goal
 - Governance for climate security
 - Exploring risk reduction strategies
 - Business innovations and fiscal incentives to dematerialise and decarbonise growth
 - Strategies for reduction of carbon and environmental footprint
- **Natural Capital and Climate Security**
 - Protection of Natural Resources
 - Adapting zero waste and close loop system
 - Pricing natural capital and factoring it in balance sheets and trading at stock exchanges
 - Opting de-materialized and non-acquisitional growth
 - Vulnerability mapping to identify climate sensitive regions
- **Stakeholders Capacity Building to Address Climate Change Issues**
 - Achieving green rating and carbon neutrality by engaging all stakeholders
 - Dissemination of eco-innovation and accessible and sustainable measures
 - Identification of gender sensitive adaptive

About the Venue

S M Convention Centre, Palampur is situated north-west of Delhi and 1500m above sea level, nestling in the divine valley of the gods. Palampur, the venue of the convention, is endowed with outstanding natural beauty, unspoilt by modernity. Snow-capped peaks of the Dhauladhar range in the foothills of the Himalayas that rise dramatically just a few feet away from this town, famous for its picturesque tea-gardens, rolling meadows and waterfalls, which have inspired some of the highly acclaimed paintings in the Kangra School of art.

HOW TO GET THERE

Palampur is accessible by road, rail & air. It is 530 km north of Delhi on National High-way 20. You can drive via Chandigarh - Anandpur Sahib - Nangal - Una - Kangra. There are several overnight trains from Delhi to Pathankot and Palampur is 3 hrs drive. There are daily flights from New Delhi to Dharamshala, from where Palampur is 40 mts drive.

TOURS

The Congress provides an ideal opportunity to discover some of the rich culture and heritage of India. Cherish the Himalayan Wonder : An Experience of a Life Time

- Pilgrimage to some of the most venerable shrines
- Adventure Sports: • Para Gliding • Rock Climbing • Trekking
- Himachal Foods & Handicrafts

ABOUT THE HOST ORGANIZATION

World Environment Foundation (WEF) is one of the leading non-profit, non-governmental organization solely dedicated to the improvement of the environment and sustainable development. It was established in the UK in 1997 as a charity, registered by charities commission. WEF has been among the forerunners in leading the global environmental movement. It has set up several initiatives like PEACE, PIAS, PROACTIVATE. It organised its first international conference on environment management in Delhi in June 1999. A global human chain to communicate to combat climate change worldwide was also launched in June 2006.
